EXPERIENCE

Nulia, Eugene, OR — *Product Development Associate*

October 2019 - PRESENT

- I develop content for Nulia's enterprise SaaS platform to help our clients' customers get the most out of their Office 365 tools.
- I also create business processes such as onboarding documentation and internal progress trackers.

Gabi, San Francisco — *Data Analyst & PM Intern*

July 2019 - September 2019

- Implemented A/B tests for Gabi's website to help consumers more easily shop for car insurance.
- Developed a lead scoring model for the sales and marketing team.
- Presented on a competitive analysis.
- I used SQL, Python, R, and Office 365.

DPR Consulting, Portland, OR — *English Teacher*

January 2019 - June 2019

- I taught English to Chinese-Speaking doctors living in Shanghai.
- I prepared these doctors for their work visa interview.

EDUCATION

University of Oregon — *Computer Science & Economics*

October 2017 - PRESENT

- Pursuing a Bachelor of Science in Computer Science & Economics.
- Graduating: June, 2021.
- GPA: 3.68

PROJECTS

AmpMusic.co — *Co-CEO*

- I founded amp (<https://ampmusic.co>) two years ago to provide budding musicians with all the tools they need to break into the music industry. amp currently offers branding and website support to four local artists with an analytics dashboard in beta.
- amp currently is built on a MERN stack with some Python.
- amp's front end is hosted on DigitalOcean and its back end is hosted on Heroku.
